REPORT ON THE VIRTUAL CLASS ASSEMBLY
ACADEMIC YEAR 2021-2022

Class : VI A

THEME : SCHOOL'S MISSION – MULTIPLE INTELLIGENCE

**Topic : To Identify Logical Mathematical Intelligence Among Students,
Mathematical Discovery by Two Great Mathematicians**

CLASS TEACHER : Mrs. Geetha. S

Date : 22nd October 2021 (Friday)

Timing: 10:40 a.m. - 11:20 a.m.

The Virtual Class Assembly of VI A was held on 22nd October 2021. The programme commenced with the Gayathri Mantra followed by math sloka, and with a formal welcome- 'Suswagatam'. The Assembly highlighted array of programmes to identify the Logical Mathematical Intelligence among students.

Talent Champs (Skit) – It portrayed how mathematical intelligence can be identified among students through their hobbies and talents.

Mathematical Rendezvous(Talk show)-Students presented the discoveries of two great mathematicians exhaustively with their creative presentation.

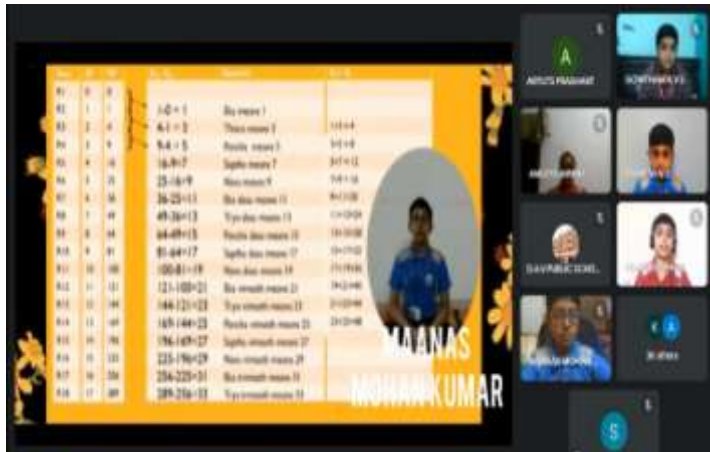

Tharkik Ganita Charcha(a discussion) - The students emphasized on the importance of mathematics and how maths also plays an important role in real life, games and so on was brought out in depth.

Dance-o-metric- Students through the peppy dance number showed the patterns and the beauty of mathematics minutely.

Mathreel (a quizzing event) - emphasized that through games logical mathematics is quite interesting.

All these programmes highlighted how these activities can sharpen the mathematical skills of students.

Finally, Principal Ma'am gave her insights on the programme and applauded the students for their marvellous performance and also for exhibiting their technical skills.

'Talent Champs' - Illustrates Maths In Sloka
