**GRADE II**

It's holiday time again. No waking up early, packing bags and going to school in the morning. It's time to visit friends, relatives and grandparents. Start making plans to watch movies, taking a dip in the pool and joining some activity classes with friends.

It will be great if you find time to visit museums and monuments, learn and explore new things, play indoor and outdoor games, read as many story books as you can, help your friends and family members and make this vacation a memorable one.

We shall wait to hear stories from you. Have an amazing break !!!!!!!!!!!
