“The sea, once it casts its spell, holds one in its net of wonder forever.”

To highlight the importance of ‘Live and Let Live’, the budding scientists of grade II – Sanchi Saini and Navya Mittal participated in the event ‘Wonder Water World’. It is a proud moment for us to share that they bagged the second position for the school. They prepared an alluring aquarium using waste materials which showcased a wide variety of marine animals. Indeed, it was a great opportunity for the kids to hone their creative and inventive skills!
